Toby's Foundation marks its 6th Anniversary!

Introducing... SONYRZ I HAVE A DREAM "Billy"

He joins us in the fight against canine epilepsy. We hope that Billy will never have epilepsy like Toby but, unfortunately for Billy and all Aussies, we just don't know until there is a screening test. Epilepsy research needs your help.

When the current grant for Aussie Epilepsy research ends in September 2010, more funding will be needed to continue to move the research forward. We are working to raise these funds now and need your help. Please make a donation! Before the current grant ends, Aussie samples will be analyzed using a more powerful SNP array. Blood samples from affected dogs and dogs 6 years and older who have never had a seizure are needed. Thank you for your help in the fight against canine epilepsy.
