

In Memory of Toby Kutabay's Blue Chip Toby

February 17, 2002 – November 19, 2009

Toby was the Sweetest Spirit! Toby couldn't do any of the usual Aussie activities because of how epilepsy affected him but, in what really matters, Toby excelled! He loved his family and friends. He endured a lot and he never gave up! He inspired us always. Toby was our boy. We love him. He was something very special and rare! We hold him in our hearts and one day we hope and pray we will hold him in our arms again.

He never won a championship but he championed the fight against canine epilepsy. Because of Toby, epilepsy is no longer hushed up or ignored and there is an international research study of epilepsy in Aussies. Toby forever altered the course of our lives and that of his breed...for the good! He leaves an incredible legacy! Toby's Foundation will carry on the fight against canine epilepsy.

Please continue to give blood and to support canine epilepsy research with your donations. Both are needed until the day we have a screening test.

Please wear *purple* on March 26, 2010, to help increase awareness worldwide about epilepsy in canines and humans... "same disease different species."
Toby's Foundation is partnering with www.purpleday.org.
